**DECORO PERSONALIZZATO**

Sabbiatura al positivo:

l'intera lastra viene sabbiata ad esclusione del decoro che rimane in trasparenza.

Sabbiatura al negativo:

il decoro viene direttamente sabbiato sulla lastra assumendo una colorazione bianchiccia.

Incisione:

è una incisione più profonda che crea una concavità che può essere colorata con delle resine.

Laccatura:

Viene prodotto verniciando una delle facce in uno dei colori Ral.
